Doctor of Osteopathic Medicine (D.O.)	Professional

**PROFESSIONAL LICENSURE DISCLOSURE STATEMENT**

This Disclosure is strictly limited to NSU’s determination of whether the Doctor of Osteopathic Medicine program (the “Program”), if successfully completed, would be sufficient to meet the educational requirements for licensure or certification in a State, as defined as 34 C.F.R. § 600.2.

**NOTE: This Disclosure does not provide any guarantee that any particular State licensure entity will approve or deny your application for certification or professional licensure.** Furthermore, this Disclosure does not account for changes in state law or regulations that may affect your application for certification or licensure or occur after this disclosure has been made. If your career plans include pursuing professional licensure or certification in your chosen field, it is important to become educated on the credentialing requirements of the state in which you hope to practice by contacting the state’s licensure entity.

In accordance with 34 C.F.R. § 668.43, NSU has determined whether the Program satisfies State educational requirements for licensure as follows:

<b>PROGRAM MEETS EDUCATIONAL REQUIREMENTS</b>	<b>PROGRAM DOES NOT MEET EDUCATIONAL REQUIREMENTS</b>
<p>Nova Southeastern University, Dr. Kiran C. Patel College of Osteopathic Medicine, Doctor of Osteopathic Medicine Program is an AOA-accredited program of study. Graduation from an AOA-COCA accredited college of osteopathic medicine is required in order to begin training in an ACGME-accredited residency program to which he or she has been accepted, and to take the COMLEX-USA Level 3 examination. At this time, we have determined that the KPCOM program meets the <i>educational</i> degree completion requirements for licensure in all 50 states, the District of Columbia and the US protectorates.</p>	

State licensure or certification requirements can vary from state to state, depending on each State's laws and regulations. The State licensure entities are responsible for overseeing the educational and non-educational requirements for licensure or certification for their State.

We encourage all enrolled students and prospective students to contact their applicable State licensure entities to familiarize themselves with the specific professional licensure or certification requirements.
