NSU’s Dr. Kiran C. Patel College of Osteopathic Medicine

OSTEOPATHIC MEDICINE PROGRAM

Now Accepting Applications

Health Professions Division | Students Entering 2020

nova.edu
NSU Doctor of Osteopathic Medicine students help people throughout the world with their skills.
THE NSU EDGE

• low student-to-faculty ratio
• advanced patient simulation technology
• extensive resources
• clinical experience
• opportunities to aid urban and rural underserved populations
• interprofessional service-learning
• faculty and staff members who care about your success
• commitment to developing students of academic and clinical distinction
• track record for cultivating patient-focused leaders

MESSAGE FROM THE DEAN

Are you ready to pursue a career in one of the fastest-growing health professions disciplines in the country today?

Doctors of osteopathic medicine (D.O.s) are educated to consider the health of the whole person and use their minds, senses, and hands to help diagnose and treat their patients. Because of this, the profession’s popularity continues to increase. One fourth of all current students studying medicine are enrolled in osteopathic medicine programs. While today’s D.O.s remain on the cutting-edge of research and technology, they are equally as committed to being compassionate healers who listen carefully to their patients. Instead of just treating specific symptoms or illnesses, they regard the body as an integrated whole and focus on preventive care to maximize the health of each patient they treat.

As a student at NSU’s Dr. Kiran C. Patel College of Osteopathic Medicine (KPCOM), you will have an opportunity to integrate the study of health and disease, combining scientific knowledge and humanism at the university’s Fort Lauderdale/Davie Campus, or at our additional site at the Tampa Bay Regional Campus, opening in 2019. In addition, you will be able to participate in clinical settings within the first month of your inaugural semester, allowing you to gain immediate access to the real world of medicine.

While breakthrough advances in medical technology present more effective solutions than ever before, new threats to public health and diverse populations continue to emerge. The college’s curriculum addresses the clinical aspects and pathophysiology of diseases and disorders of each system. Emphasis also is placed on learning the principles and practice of osteopathic medicine, including manipulation and a holistic approach to the patient.

Because the medical care model of today is significantly different than it was years ago, health care providers from different disciplines are frequently required to work collaboratively to effectively treat a patient. As a result, NSU’s KPCOM endorses and emphasizes an interprofessional model of patient care delivery by a health care team integrated across the various disciplines.

As we explore the next chapter of medical education here at NSU’s KPCOM, we are committed to pursuing a pathway that provides our students with the most comprehensive, cutting-edge, and compassionate learning experience possible.

Elaine M. Wallace, D.O., M.S.
Dean, Dr. Kiran C. Patel College of Osteopathic Medicine
“As a student at NSU-KPCOM, you will have an opportunity to integrate the study of health and disease, combining scientific knowledge and humanism.”

—Elaine M. Wallace
OSTEOPATHIC MEDICINE OVERVIEW

DR. KIRAN C. PATEL COLLEGE OF OSTEOPATHIC MEDICINE DEGREES

Doctor of Osteopathic Medicine
Master of Public Health
Master of Science in Biomedical Informatics
Master of Science in Disaster and Emergency Management
Master of Science in Medical Education
Master of Science in Nutrition
Bachelor of Science in Public Health
Bachelor of Science in Human Nutrition

For the osteopathic physician, a patient is much more than a presenting symptom. Each person is a complete human being to be evaluated with consideration of his or her entire background. The osteopathic medical model is comprehensive and holistic and demands that its practitioners possess both humanitarian and intellectual qualities. It encourages a broad educational background in both the sciences and the humanities.

Two types of physicians are licensed to practice medicine in all 50 states—the Doctor of Osteopathic Medicine (D.O.) and the Doctor of Medicine (M.D.). While both types of physicians are trained in all aspects of patient care, D.O.s emphasize a distinctly holistic approach to medicine.

Osteopathic medicine recognizes the relationship between physical structure (musculoskeletal) and organic function.

Osteopathic principles teach physicians to view the human body as an interdependent unit rather than an assortment of separate parts and systems. An osteopathic medical education

• emphasizes producing excellent, compassionate physicians who are lifelong learners able to practice in any specialty
• produces a higher percentage of physicians who practice primarily in rural and urban underserved areas

All medical, surgical, and obstetrical specialties are represented within the profession, and NSU’s program includes rotations in these specialties. Experiences serving a variety of populations (listed below) make the program unique.

• rural
• urban
• medically underserved
• minority
• geriatric
• international
• indigent

A dynamic career awaits committed individuals.
PURPOSE OF NSU-KPCOM

To provide learner-centered education, both nationally and internationally, for osteopathic medical students, postgraduate trainees, physicians, and other professionals. Through its interprofessional programs, the college prepares competent and compassionate lifelong learners; supports research, scholarly activity, and community service; and advocates for the health and welfare of diverse populations, including the medically underserved.

PROVISIONAL ACCEPTANCE

Students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts or other specific program admission requirements. However, this admission includes a condition that final and official transcripts, documents, and requirements must be received within 90 calendar days from matriculation. If these final and official transcripts, documents, and/or requirements are not received by that time, the student will not be allowed to continue class attendance. Financial aid will not be disbursed to a provisional/conditional student until he or she has been fully admitted as a regular student (all admissions requirements have been approved by the college/program admissions office). Students who have an unpaid balance 30 days from the start of the term will be assessed a $100 late fee.
COURSE OF STUDY

The Doctor of Osteopathic Medicine (D.O.) is a professional degree that requires four years of professional study.

Our innovative curriculum is

- designed to train physicians with an emphasis on producing excellent, compassionate physicians who are lifelong learners.
- based on successful academic models that are carefully developed and integrated
- includes robust academic and clinical training that prepares students for the real world of medicine

Did You Know?
A dynamic faculty of nearly 150 full-time and 1,200 adjunct professors deliver pacesetting curricula.

Program graduates leave with an enhanced competitive status as highly desired candidates for postdoctoral residencies. For further information about graduate placement and first-time pass rates for the COMLEX exam scores, please visit our website at osteopathic.nova.edu/do/residency-board-scores.html.

A notable aspect of our program is a three-month clinical rotation at a rural setting where many residents have little access to health care. Students learn to treat various cultural and ethnic groups whose lifestyles and attitudes toward health care may differ from those seen in more traditional training sites.

The college receives more than 7,000 completed AACOMAS applications a year, from which only 380 students are chosen for both campuses. Once accepted, students are given the option to choose their desired campus location until all available seats have been filled. Students have varied backgrounds, and while many enter the college directly from an undergraduate program, others come from graduate programs or successful careers.

The Committee on Admissions recommends applicants to the dean on the basis of demonstrated academic excellence, leadership, compassion, and commitment to the principles of the osteopathic medical profession.

OSTEOPATHIC MEDICINE PROGRAM PURPOSE

NSU’s Doctor of Osteopathic Medicine Program is dedicated to student-centered osteopathic medical education to produce exemplary osteopathic physicians known for competent and compassionate care.
NSU-KPCOM FAST FACTS

• The college ranks as the 10th-largest in terms of total enrollment among the 35 accredited colleges of osteopathic medicine in the United States.
• The student body is approximately 53 percent male and 47 percent female, and ranges in age from 20 to 47.
• Ethnic minority groups represent 46 percent of the student body.
• Fifty percent of students are Florida residents.
• Accepted applicants have an average GPA of 3.6 and MCAT scores of 504.
• In 2016, NSU-KPCOM submitted 33 grant proposals and received $9.9 million in research funding and $15.1 million in teaching/training support.
• The college is home to five prestigious centers and institutes. They are the
  • Area Health Education Centers
  • Institute for Disaster and Emergency Preparedness
  • Florida Coastal Geriatric Resources, Education, and Training Center
  • Lifelong Learning Institute
  • Institute for Neuro-Immune Medicine

Did You Know?

In 2017, the Patel Family Foundation pledged a $200-million commitment to the university. This transformational gift by Drs. Kiran C. and Pallavi Patel includes a facilities expansion and student scholarships. The commitment has further fueled NSU-KPCOM’s leadership and efforts in global medical outreach and service to the world’s underserved populations. In honor of this gift, the college was renamed the Dr. Kiran C. Patel College of Osteopathic Medicine.
## CURRICULUM OUTLINE

### ACADEMIC YEAR 2019–2020

#### First Year

### FALL BLOCKS 1 AND 2 COURSES
- Medical Biochemistry
- Gross Anatomy
- Medical Histology
- Medical Physiology
- Medical Microbiology
- Physical Diagnosis I
- Interdisciplinary Generalist Curriculum Preceptorship I
- Osteopathic Principles and Practice I
- Health Care Provider BLS and First Aid

### WINTER BLOCK 3 COURSES
- Fundamentals of Pathology
- Fundamentals of Pharmacology
- Basics of Nutrition
- Foundations of Research

### WINTER BLOCK 4 COURSES
- Principles of Radiology
- Medical Immunology
- Integumentary System
- Hematopoietic and Lymphoreticular System
- Medical Procedures I

### WINTER BLOCK 5A COURSES
- Respiratory System

### FULL WINTER SEMESTER COURSES
- Interdisciplinary Generalist Curriculum Preceptorship II
- Physical Diagnosis II
- Student Wellness
- Osteopathic Principles and Practice II

### SUMMER BLOCK 5B COURSES
- Cardiovascular System
- Tobacco Use and Dependence
- Medical Procedures II

### BETWEEN BLOCK 5B AND 6A COURSES
- Preclinical Medical Science Review

### SUMMER BLOCK 6A COURSE
- Gastrointestinal System

### FULL SUMMER SEMESTER COURSE
- Osteopathic Principles and Practice III
### Second Year

ADMISSIONS REQUIREMENTS

Applicants for admission to the first-year class must meet the requirements listed below prior to matriculation.

1. have a bachelor’s degree from a regionally accredited college or university (A minimum of 90 semester hours of coursework from a regionally accredited institution may be considered for admission.)

2. have successfully completed the following with a grade of 2.0 or higher:
   • 8 semester hours of biological science (includes biology, embryology, genetics, microbiology, physiology, and related subjects)
   • 8 semester hours of general chemistry with laboratory
   • 8 semester hours of organic chemistry with laboratory
   • 8 semester hours of physics
   • 3 semester hours of biochemistry
   • 6 semester hours of English/humanities (must include 3 semester hours of English)

   These are the minimum academic requirements for admission. Students are strongly encouraged to take complementary higher science courses, such as immunology, physiology, behavioral sciences, and humanities.

3. have a minimum cumulative and science GPA of 3.0

4. have taken the Medical College Admission Test (MCAT) and have scores no more than three years from the date the AACOMAS application is submitted

   Applications for the MCAT may be obtained online at aamc.org, from the college’s preprofessional adviser’s office, by calling (319) 337-1357, or by writing directly to

   Medical College Admission Test Program Office
   2255 North Dubuque Road
   P.O. Box 4056
   Iowa City, Iowa 52243-4056

   This examination evaluates the applicant’s knowledge of biology, general chemistry, organic chemistry, biochemistry, reading comprehension, social sciences, and quantitative reasoning. Only the best set of test scores will be considered. Any MCAT that is not a first attempt, taken in January or later within the same year of matriculation, may not be considered for admission in that academic year.

✔ TIPS

   It is strongly recommended that the examination be taken in the spring of the junior year, so that, if applicants feel that the test scores are unsatisfactory, they may retake the examination in the fall of the senior year.

Any variations of the admissions requirements must be approved by the dean.
APPLICATION PROCEDURES

STEPS SUMMARY

1. Apply to the American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS).

2. Send supporting documents to AACOMAS.
   • completed AACOMAS application
   • all official transcripts
   • official MCAT scores
   • letters of recommendation

3. Complete NSU application and submit a nonrefundable, $50 application fee.

4. Participate in a personal interview, if offered.

PRIMARY APPLICATION PROCESS

The college participates in the American Association of Colleges of Osteopathic Medicine Application Service, which provides an interactive, web-based application that can be accessed through aacom.org, for the receipt and processing of all applications. AACOMAS takes no part in the selection of students.

✔ TIPS

The AACOMAS application process may take four to six weeks. Plan accordingly.

1. Submit an application through AACOMAS online.

2. Submit the following materials to AACOMAS no later than January 15. (All supporting documents must be submitted to AACOMAS electronically.)
   • a completed AACOMAS application
   • an official transcript from the registrars of all colleges and universities attended (mailed directly to AACOMAS by the college or university)
   • official MCAT scores (must be no more than three years prior to the date of the AACOMAS application submission)
   • a letter of recommendation from the preprofessional committee, or if such a committee does not exist, three letters of evaluation (two from science professors and one from a nonscience professor) necessary (If the applicant has been out of school for at least two years, and professors are no longer available, the applicant should contact a KPCOM admissions counselor.)
   • a letter of recommendation from a physician

Did You Know?

Letters of reference submitted via outside services may not be accepted, or could delay the application review. For questions, call (301) 968-4190.
SECONDARY APPLICATION PROCESS
NSU requires the completion of a secondary application. Upon receipt of the AACOMAS application, NSU-KPCOM will forward an online, secondary application to the applicant.

Submit the following materials to NSU no later than March 1:
• a completed secondary application
• a nonrefundable application fee of $50

INTERVIEW PROCESS AND SELECTION FACTORS
A personal interview is a part of the admissions process. However, being interviewed is not a guarantee of admission. Upon completion of the applicant’s file, a review will be made to determine if the candidate will be granted an interview. Not all applicants will be granted an interview, and only those applicants whose files are complete will be considered. The Office of Admissions will notify selected candidates for interviews.

The Committee on Admissions recommends applicants to the dean based on
• demonstrated academic excellence
• leadership
• compassion
• commitment to the osteopathic medical profession

NOTICE OF ACCEPTANCE
Notice of acceptance will be on a rolling or periodic schedule. Once accepted, and depending on the timing of an offer, students will be given the option to attend one of two campuses until all available seats are filled. Instructions for this process will come with the offer of admissions.

Early completion of the application process is in the best interest of the applicant, because of the limited number of spaces available in each class.

After acceptance, final and official documents and requirements must be sent to
Nova Southeastern University
Enrollment Processing Services
Dr. Kiran C. Patel College of Osteopathic Medicine Admissions
3301 College Avenue, P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Transcripts can be sent electronically from the originating college/university to the following address: electronictranscripts@nova.edu.
Designed to address the issue of access to care and meet the needs of underserved populations, NSU’s colleges of dental and osteopathic medicine have structured a curriculum that provides students with an opportunity to earn both a D.O. (Doctor of Osteopathic Medicine) and a D.M.D. (Doctor of Dental Medicine) degree. This dual-degree program prepares graduates to use a totally holistic approach for medicine and general dentistry.

PROGRAM REQUIREMENTS

Upon acceptance, the D.O./D.M.D. Dual-Degree Program Oversight Committee, consisting of faculty members from both colleges, will advise and monitor program participants. Students will be required to complete the prescribed curriculum in its entirety. Should a student elect not to continue in the collaborative D.O./D.M.D. program, the student can only continue on a track to complete the degree program into which he or she was initially accepted.

If a student wishes to continue in the program in which he or she was not initially accepted, a new admissions application must be submitted to that program, following the standards and guidelines as stated in that specific NSU admissions brochure and catalog.

APPLICATION AND ACCEPTANCE PROCESS

Interested individuals can apply to NSU’s osteopathic medicine or dental colleges through each school’s respective centralized application service (AACOMAS or AADSAS) and indicate an interest in the D.O./D.M.D. Dual-Degree Program on the NSU Secondary Application.

Students must be accepted by the college they applied to in order to be considered for this program. Upon acceptance to the respective college, students expressing an interest in the program will be contacted and invited to interview.

Only a select number of motivated students who have attained the highest academic standards and embody the spirit of this collaborative initiative will be considered.

NSU continues to be on the cutting edge of curriculum development when it comes to graduating future health care professionals, such as those who will graduate from the physician/dentist program and who can address access to care in the most holistic—and compassionate—manner possible.
For students seeking admittance after attending another institution, credits may be transferred from medical schools and colleges accredited by the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association or by the Liaison Committee on Medical Education (LCME).

• Transfers from a medical school accredited by the COCA or the LCME shall require that, at minimum, the last two years of instruction be completed within NSU-KPCOM.
• Transfers from an LCME-accredited medical school must complete NSU’s requirement for osteopathic principles and practice prior to graduation.
• Transfer credits will only be given if the student is in good academic standing at, and eligible for readmission to, the previously attended COCA- or LCME-accredited medical school.
• Credit is only given for completed courses with grades of 70 percent (2.0) or greater that fulfill NSU-KPCOM’s graduation requirements.

To transfer to NSU-KPCOM, students must

1. complete a formal application to the NSU-KPCOM Office of Admissions
2. satisfy all admissions requirements, including submission of
   • official transcripts of all college work (including the medical school the student is currently transferring from)
   • MCAT scores
   • National Board scores, if taken
   • letters of evaluation
3. be in good standing at the transferring institution, as documented by a letter from the dean’s office of the transferring institution
4. provide one letter of recommendation from a faculty member of the transferring osteopathic institution
5. provide a written statement outlining reasons for the request to transfer

All application documents must be submitted to

Nova Southeastern University
Enrollment Processing Services
Dr. Kiran C. Patel College of Osteopathic Medicine Admissions
3301 College Avenue, P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Transcripts can be sent electronically from the originating college/university to the following address: electronictranscripts@nova.edu.

Transfer decisions are made by the dean. No transfer applicant will be accepted without an interview. The decision will be based on factors that include, but are not limited to, submission of all required documents and information, academic record, interview, circumstances leading to the transfer request, available space, and admissions standards.
Tuition for 2020-2021 will be posted at osteopathic.nova.edu. All tuition and fees are subject to change by the board of trustees without notice.

**ANNUAL FEES**

- Clinical core rotation fee: $1,000
- Health Professions Division general access fee: $145
- NSU student services fee: $1,350

**FIRST YEAR FEES**

- Microscope/laboratory fee: $100
- Mandatory review course and clinical laboratory fees: $564

**SECOND YEAR FEES**

- Mandatory review course and clinical laboratory fees: $564

**THIRD YEAR FEE**

- Mandatory review course and clinical laboratory fees: $522

**ACCEPTANCE FEE**

- $1,250

This fee is required to reserve the accepted applicant’s place in the entering first-year class. This advance payment will be deducted from the tuition payment due on registration day, but is nonrefundable in the event of a withdrawal.

<table>

</tbody>
</table>
IN-STATE TUITION

Eligible students must request in-state tuition on the application. For tuition purposes, a student’s Florida residency status (in-state or out-of-state) will be determined based on initial matriculation and will remain the same throughout the entire enrollment of the student at NSU. Accordingly, tuition will not be adjusted as a result of any change in status after initial enrollment registration.

The first semester’s tuition and fees, less the $2,000 previously paid (acceptance fee and deposit), are due upon receipt of the NSU invoice. Students will be billed for each subsequent semester.

FINANCIAL OBLIGATIONS

Students will not be admitted until their financial obligations have been met. The financial ability of applicants to complete their training at the college is important, because of the limited number of positions available in each class. Applicants should have specific plans for financing four years of professional education. This should include tuition, living expenses, books, equipment, and miscellaneous expenses.

Each student is required to carry adequate personal medical and hospital insurance. Students may avail themselves of the hospitalization insurance plan obtainable through the university.
FOREIGN COURSEWORK

Coursework taken at foreign institutions must be evaluated for U.S. institution equivalence by an approved National Association of Credential Evaluation Services (NACES) organization, such as one of the services listed below.

World Education Services, Inc.
Bowling Green Station
P.O. Box 5087
New York, New York 10274-5087
(212) 966-6311 • wes.org

Josef Silny & Associates, Inc.,
International Education Consultants
7101 SW 102 Avenue
Miami, Florida 33173
(305) 273-1616 • (305) 273-1338 fax

ACCREDITATIONS

Nova Southeastern University Dr. Kiran C. Patel College of Osteopathic Medicine has been granted accreditation by the Commission on Osteopathic College Accreditation of the American Osteopathic Association, www.osteopathic.org. This body is recognized by the U.S. Department of Education as the accrediting agency for colleges educating osteopathic physicians and surgeons.

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate’s, baccalaureate, master’s, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Nova Southeastern University.
NONDISCRIMINATION

Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g., Title VII, Title VI, Title III, Title II, Rehab Act, ADA, Title IX, and the Florida Civil Rights Act), it is the policy of Nova Southeastern University’s Dr. Kiran C. Patel College of Osteopathic Medicine (KPCOM) not to engage in any discrimination or harassment against any persons because of race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, gender, gender identity, military service, veteran status, or political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. Any such acts are unacceptable and strictly prohibited by the university.

In addition, the law prohibits retaliation against an individual for opposing any practices forbidden under this policy, for bringing a complaint of discrimination or harassment, for assisting someone with such a complaint, for attempting to stop such discrimination or harassment, or for participating in any manner in any investigation or resolution of a complaint of discrimination or harassment. This nondiscrimination policy applies to admissions; enrollment; scholarships; loan programs; athletics; employment; and access to, participation in, and treatment in all university centers, programs, and activities. NSU-KPCOM admits students of any race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, gender, gender identity, military service, veteran status, or political beliefs or affiliations, to all the rights, privileges, programs, and activities generally accorded to students at NSU, and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs.
Welcome to Tampa Bay. Situated along Florida’s Gulf Coast, this region boasts an enviable quality of life with year-round sunshine, a unique cultural heritage, and a diverse business climate. For individuals and companies alike, the Tampa Bay area offers accessibility, affordability, and opportunity.

Since 1999, Nova Southeastern University (NSU) has been offering world-class educational programs in the Tampa Bay Area. From nursing to education to health care sciences, NSU has been providing students with an edge, so when they graduate, they are not only ready to enter the workplace, they are prepared to be the leaders of tomorrow.

Now, thanks to the generosity of the Drs. Kiran C. and Pallavi Patel Family Foundation, those efforts are being taken to the next level.

In 2017, the foundation provided NSU with philanthropic gifts and financial commitments totaling approximately $225 million. This included a $150-million real estate and facility investment that resulted in the university’s new Tampa Bay Regional Campus location in Clearwater, Florida. This nearly 325,000-square-foot, state-of-the-art facility will continue to be the home of the university’s existing educational programs, but will also include an additional site for the university’s Dr. Kiran C. Patel College of Osteopathic Medicine.

ACTIVITIES
NSU’s Health Professions Division (HPD) is playing a pivotal role in leading the university to new levels of excellence. The division comprises eight distinctive colleges—osteopathic medicine, pharmacy, optometry, medical sciences, dental medicine, health care sciences, nursing, and allopathic medicine—that offer more than 60 degree and certificate programs.

We have seen the university reach many milestones recently. In September 2017, NSU received the largest philanthropic gift in its history from physicians Dr. Kiran C. Patel, M.D., and his wife, Dr. Pallavi Patel, M.D., which included a $50-million gift and an additional $150-million real estate and facility investment in Clearwater, Florida.

Then, in January 2018, the Patels provided additional gifts totaling close to $30 million, while a substantial contribution from longtime donors Ron and Kathy Assaf led to the college of nursing being named in their honor. The altruistic trend continued in February 2018, when an important gift from Martin and Gail Press resulted in the naming of the HPD Library.

In October 2017, our allopathic medicine (M.D.) college received preliminary accreditation. As a result, the college gained approval to begin interviewing and accepting its inaugural class of 50 students in August 2018. Finally, construction commenced on the HCA East Florida hospital that will be located adjacent to the HPD complex on NSU’s Fort Lauderdale/Davie Campus.

These exciting developments will ensure that our students receive a well-rounded education at an academic institution that prides itself on being dynamic, innovative, and interprofessional in its academic approach.

Frederick R. Lippman, R.Ph., Ed.D.
HPD Chancellor, Special Projects
NSU’s Health Professions Division (HPD), with a student body of more than 8,000, is home to eight colleges. Located on the Fort Lauderdale/Davie Campus, it occupies a $70-million complex, covering 21 acres. HPD includes eight buildings totaling more than 900,000 square feet of space for classrooms, laboratories, offices, the Martin and Gail Press Health Professions Division Library, an outpatient health center, and a pharmaceutical care center. Several of the HPD programs are also located at our regional campuses, extending our programs and resources to various communities. They offer you the ability to complete a degree at a location that may be more convenient to your home.

GET THE NSU EDGE.

NSU trains health practitioners in a multidisciplinary setting, with an emphasis on medically underserved areas. Because of this, our students go on to excel as highly qualified physicians and health care professionals who

✍ understand how the medical disciplines can and must work together

✍ share a vision to transform the future of health care and provide easier access to high-quality services for patients

✍ experience life-changing service working domestically and internationally with people in need

✍ graduate with exposure to varied cultures and the unique concerns that each present

✍ carry with them an unparalleled, real-world education that serves to enrich us all

With value-based education, accelerated tracks to graduation, access to a vast network of industry partners, and a chance to explore personal passions, near and far, our graduates will always have an edge.
“Global service is a passion we love and look forward to every year.”

—Kelly Graham, class of 2019
Dr. Kiran C. Patel College of Osteopathic Medicine

- Doctor of Osteopathic Medicine (D.O.)
- Master of Public Health (M.P.H.)
- Master of Science in Biomedical Informatics (M.S.)
- Master of Science in Disaster and Emergency Management (M.S.)
- Master of Science in Medical Education (M.S.)
- Master of Science in Nutrition (M.S.)
- Bachelor of Science in Human Nutrition (B.S.)
- Bachelor of Science in Public Health (B.S.)
- Graduate Certificate in Emergency Medicine
- Graduate Certificate in Functional Nutrition and Herbal Therapy
- Graduate Certificate in Health Education
- Graduate Certificate in Medical Informatics
- Graduate Certificate in Public Health
- Graduate Certificate in Public Health Informatics
- Graduate Certificate in Social Medicine

College of Pharmacy

- Master of Science in Pharmaceutical Affairs (M.S.)
- Master of Science in Pharmaceutical Sciences (M.S.)
  - Concentration in Drug Development (Pharmaceutics)

• Postgraduate Certificate in Special Needs Dentistry
• Craniofacial Research Fellowship Program

Ron and Kathy Assaf College of Nursing
• Bachelor of Science in Nursing (B.S.N.)
• Master of Science in Nursing (M.S.N.)
  * Nonclinical Concentrations
    – Executive Nurse Leadership
    – Nursing Education
    – Nursing Informatics
  * Clinical Concentrations (Advanced Practice Registered Nurse)
    – Adult-Gerontology Acute Care Nurse Practitioner
    – Family Nurse Practitioner
    – Psychiatric-Mental Health Nurse Practitioner
• Postgraduate Certificates
  * Adult-Gerontology Acute Care Nurse Practitioner
  * Family Nurse Practitioner
  * Psychiatric-Mental Health Nurse Practitioner
• Doctor of Nursing Practice (D.N.P.)
• Doctor of Philosophy in Nursing (Ph.D.)

Dr. Kiran C. Patel College of Allopathic Medicine
• Doctor of Medicine (M.D.)
Dual Degrees

- Bachelor of Science—Cardiovascular Sonography (B.S.) and Master of Health Science (M.H.Sc.)
- Bachelor of Science—Medical Sonography (B.S.) and Master of Health Science (M.H.Sc.)
- Master of Health Science (M.H.Sc.)/Doctor of Health Science (D.H.Sc.)
- Bachelor of Science in Public Health (B.S.)/Doctor of Osteopathic Medicine (D.O.)
- Doctor of Osteopathic Medicine (D.O.)/Doctor of Dental Medicine (D.M.D.)

Concurrent Degrees

- Doctor of Osteopathic Medicine (D.O.)/Master of Science in Medical Education (M.S.)
- Doctor of Osteopathic Medicine (D.O.)/Master of Public Health (M.P.H.)
- Doctor of Osteopathic Medicine (D.O.)/Master of Science in Biomedical Informatics (M.S.)
- Doctor of Osteopathic Medicine (D.O.)/Master of Science in Disaster and Emergency Management (M.S.)
- Doctor of Osteopathic Medicine (D.O.)/Master of Science in Nutrition (M.S.)
- Doctor of Pharmacy (Pharm.D.)/Master of Business Administration (M.B.A.)
- Doctor of Pharmacy (Pharm.D.)/Master of Public Health (M.P.H.)
- Doctor of Pharmacy (Pharm.D.)/Master of Science in Biomedical Informatics (M.S.)
- Doctor of Optometry (O.D.)/Master of Public Health (M.P.H.)
- Doctor of Audiology (Au.D.)/Master of Business Administration (M.B.A.)
- Master of Medical Science (M.M.S.)/Master of Public Health (M.P.H.)
- Doctor of Dental Medicine (D.M.D.)/Master of Public Health (M.P.H.)
- Doctor of Dental Medicine (D.M.D.)/Master of Business Administration (M.B.A.)
NOTEWORTHY RECOGNITIONS

- NSU moved up from last year to rank 191 among national universities in *U.S. News & World Report’s 2019 list of top 200 “Best Colleges.”* The rankings are based on several measures of quality, including graduation and retention rates, assessment of excellence, and student selectivity.

- *U.S. News & World Report* ranked three of NSU’s online programs among the best in the nation.

- Online Colleges ranked NSU’s online programs 3rd in Florida and 12th overall in the United States for online educational opportunities.

- NSU ranked 8th in the nation for overall opportunities for military service members, 10th in the nation for doctoral degrees, and 11th in the nation for bachelor’s and master’s degrees and credit for military training. More than 2,500 accredited colleges and universities were ranked on a variety of factors, including affordability, student services, and the availability of online programs.

- *U.S. News & World Report’s* list of the top 100 graduate schools in the country includes three NSU HPD programs: physician assistant (#40); occupational therapy (#44), and pharmacy (#77).

- *Diverse: Issues in Higher Education* listed NSU 5th among U.S. colleges and universities for the overall number of minority graduate degree recipients. The 2015–2016 data published by *Diverse* is collected by the Integrated Postsecondary Education Data System (IPEDS).
Nova Southeastern University—synonymous with dynamic innovation and intellectual challenge—is the second largest, private, nonprofit university in the Southeast. Situated on a beautiful, 314-acre campus in Fort Lauderdale, Florida, the university is experiencing a sustained period of academic growth, fiscal strength, and commitment to the challenges of the 21st century. In this environment of expansion and stability, the university is capitalizing on its strengths in such areas as academic innovation, comprehensive clinical training, and flexible educational delivery systems.

The university awards certificates and bachelor’s, master’s, educational specialist, and doctoral degrees, all in a wide range of fields, including the health professions, law, business, marine sciences, psychology, social sciences, computer and information sciences, and education.
