

Nova Southeastern University
Dr. Kiran C. Patel College of Osteopathic Medicine

MASTER OF SCIENCE DEGREE IN NUTRITION

- Taught by diverse faculty members with extensive interprofessional nutrition expertise
- Offered fully online with synchronous class meetings and campus visits
- Complements all health professions degrees

Join our exciting and evolving health care team in the 21st century. Prepare to provide leadership in nutrition as it pertains to wellness, health promotion, and disease prevention in the areas of sports nutrition and community nutrition, as well as functional nutrition and herbal therapies.

FULL your passion for nutrition knowledge.

BECOME an integral part of health promotion, wellness, and sports performance.

ENERGIZE your current career.*

According to the U.S. Bureau of Labor Statistics (2018), employment in the nutrition field is expected to increase 15 percent during the next 7 years—much faster than national averages. Job growth is primarily expected in the areas of wellness, prevention of disease with diet and foods, and a greater integration of nutrition practice into primary care. Our curriculum offers an innovative and flexible approach to mastering your knowledge and skills in nutrition. Timely, progressive coursework and faculty involvement lead you through a generalist program with the opportunity to specialize and distinguish yourself.
